## **FOR IMMEDIATE RELEASE**

### **Moore Industries Promotes Tina Lockhart to Director of Engineering**

NORTH HILLS, CA—Effective immediately, Tina Lockhart is promoted to Director of Engineering at Moore Industries-International, Inc. Tina joined Moore Industries in April 2006 as Product Development Manager.

“We will put Tina’s strong background in engineering process and management to maximum benefit for the company,” says Leonard Moore, president of Moore Industries. “Tina has made major contributions as a product development manager at Moore Industries, and now she will be in charge of all aspects of the Engineering department.”

Lockhart has more than 20 years of R&D experience and more than 10 years in management. She’s managed complex technical projects with multi million dollar budgets and teams of 20-30 people.

Prior to joining Moore Industries, Lockhart was a Program Manager at BAE Systems, where she was responsible for planning and management of development projects based on silicon (MEMS) technology with real time embedded systems. She was also Systems Engineering Manager at Lucent. Lockhart holds a BSEE from Brunel University in the UK, is a PMI certified Project Management Professional, and is a Senior Member of the Institute of Electrical & Electronic Engineers (MIEEE).
